

PARA Engineers is a leading resident engineering and consulting firm with over 6+ years of experience. We specialize in the inspection and supervision of complex construction projects, including roadways, bridges, tunnels, and airport infrastructure.

Led by Mr. Amrish Unadkat, PE

With over 20 years of experience in construction inspection & supervision, engineering, environmental, and construction management, Mr. Unadkat brings a wealth of knowledge to every project. He has a proven track record of successfully working with prominent transportation agencies, including:

- New Jersey Turnpike Authority (NJTA)
- Port Authority of New York and New Jersey (PANYNJ)
- New Jersey Department of Transportation (NJDOT)
- New Jersey Transit (NJ Transit)
- New York State Department of Transportation (NYSDOT)

**NJ/NY Certified
DBE/MBE/SBE**
